Dear Polly:

You do not know how very much I appreciated your letter of the 7th from Ontario. That photograph you enclosed really makes you look like a Civil War general, on the Southern side, of course. The fish you caught is impressive too.

Mrs. Truman and I are more than grateful for the loan of the baby carriage. The young man enjoyed it, and seemed to think it was his own. One of these days I will bring it back.

I hope that sometime we can have a meeting of the Harpy Club as we used to in days gone by.

Sincerely yours,

Harry.

Dear Harry

We are leaving Sunday Morn for fishing in Canada. And since I probably wont see you for some time, I'm using this means to tell you the Comptons are for you 100%. It is to bad you have the weak Congress

Enclosed you will find a piece of money I want you to stick it in your pocket to cover some expense not covered by the Campaign. We sure wish you and yours a lot of health and happiness

Your Friend
Polly Compton
